Explanations:

1. The hired apparatus and equipment may only be operated by the crew of the Fire Brigade of the Port of Gdynia Authority S.A., with exclusion of section B, items 1, 12, 13.
2. The services are conducted on the basis of a written order or agreement.
3. The prices are given in PLN.
4. The prices are net amounts.
5. The fees are collected for every half an hour or part thereof, at the rates set out for the working hours of apparatus, equipment and personnel.
6. The fee for hiring the containment boom for the first 24 hour period or part thereof is collected at the full 24 hour rate. For the next 24-hour periods, the fee is charged for the 6-hour periods or part thereof in the amount equal to one quarter of the 24-hour rate.
7. The length of service time is counted from the moment of departure of the apparatus or equipment with the crew from the base until their return to the base.
8. In the case of soiling of the hired containment boom, the hiring fees are increased by the time of cleaning and maintenance of the boom, costs of used materials and the cost of disposal of pollutants.
9. If it is impossible to set up the containment boom due to bad weather, confirmed by the Harbour Master's Office, the fee is charged for the readiness of the boom at the normal rate of its hire, excluding its service costs.
10. The minimum invoice amount is 50 pln.
11. The services not included in the Price List shall be settled by separate agreements.
12. Terms and prices of the services provided by the Fire Brigade that are carried out on the basis of standing orders shall be determined by separate agreements.
13. The rates set out in the Price List do not include the reimbursements of costs of the rescue operations and fire extinguishing actions, which are determined by separate provisions of law.
14. The rates for the services specified in the Price List do not include the costs of used firefighting means and other materials, which will be settled according to actual consumption thereof.
15. The timing of the commencement of the provision of services by the Fire Brigade should be given by the Ordering Party in writing, and should set out the time and date of the commencement of the service. In the case of cancellation or delay regarding the date of service commencement that was commissioned to the Fire Brigade, the order may be cancelled or its realization postponed 6 hours prior to the scheduled commencement of service at the latest. In the case of later cancellation or change of order, the fee will be charged at the rates given in section A 1-7 of the Price List for the waiting in readiness time
16. For the services, which require the use of fire-fighting pumps installed on the fire-fighting truck or fire-fighting vessel, the price for service specified in section A. 4 and A. 5 of the Price List shall be increased by 20%.
